July Fourth Plans Revealed

The Grayling Fire Department announces plans for the third annual July 4th celebration. The day's activities will start at 12:30 p. m. with a parade originating at the elementary school on Michigan Avenue and proceeding down Michigan to Cedar Street, where the first event of the day will take place, the water ball fight. The water ball fight will take place from 1 p. m. to 2 p. m. between two teams from the Fire Department. Activity will then shift to the City Park for the rest of the day's events.

At 2 p. m. the greased pole climb will get under way (don't miss this one). At 3 p. m. everyone will eat free watermelon, right up to the next event on the schedule, which is the sack race at 3:45 p. m. Moving to 4:30 p. m. the kid's canoe race on the pond is next. From there the action goes to the egg toss contest at 5 p. m. At this point time out is taken to enjoy refreshments from the Snack Tent being operated by the Men's Clubs of the Catholic and Methodist Churches. The Kiwanis Club will again be serving a chicken barbecue at the Legion Hall.

A color TV set will be given away just before dark. Fireworks are next, the highlight of the day. They will be displayed at the City Park as last year. To top off the day there will be street dancing for everyone, including a western square dance called by Wayne Anderson. For the younger set music will be supplied by the Chord Mates.

The Fire Department will be aided by members of the Moose Lodge during the day. Plan to be on hand for the day's celebration.

County Traffic Safe Over 3 Day Weekend

Crawford County Tourist Information

Fishing is only fair on Main Street in AuSable. Cold weather has greatly reduced fly hatching and quality fishing season has provided only small catches of trout. Same conditions exist on South Branch and North Branch of AuSable. Boat and spinner fishermen have fared better on East Branch. Big Creek, and headwaters of the Manistee. Trout lakes of Glory, Bright and Howe have been producing fair fishing. If weather warms, all streams should provide good fishing. But anglers have had excellent success in migratory game birds. Kirtland Warblers, Scarlet Tanagers, Baltimore Orioles, and Thrushes are all back.

Deer can be observed on all county roads and trails in early evening. Chasing is excellent on all county rivers. Streams are low and clear. Insect repellent is a must. Late spring mushrooms should appear in good quantities with warm weather. Wildflowers are making their

1966 Canoe Race Cancelled

The demise of the heralded AuSable Canoe Race Marathon has been announced by the Osceola-AuSable Chamber of Commerce with the lack of interest and failure of financial backing given as the reasons.

Harry Curley, longtime racing chairman, Oscar Cook, also a veteran race official, and J. Berkley Smith, Osceola Press publisher, tested support for the race in Grayling and Mio and found it lacking. Earl Longworth, Grayling Chamber of Commerce secretary-manager, was quoted as saying that Grayling would pay its usual \$350 into the racing fund, but was unable to pay more due to other commitments.

Longworth reportedly told the Osceola delegation that people in the Grayling area felt that little benefit was gained by the race. Representatives from Mio told the race officials that it was doubtful any support could come from that area.

The decision to end the race came following the conferences held early last week. Race officials said to continue it would have been necessary to raise the \$3,000 prize money plus an estimated \$1,500 in additional race expense.

The AuSable Canoe Marathon was first run in 1947 with \$500 offered winning teams. With interest in canoe racing increasing each year, prize money went up to the \$3,000 offered the last several years.

"Grayling Thank You Days"

For the past few weeks the Grayling Regional Chamber of Commerce has been holding preliminary discussion on ways and means of projecting to Crawford County residents and residents of surrounding communities the fact that Grayling is a marketing area for a large portion of central northern Michigan.

At a meeting attended by leading merchants of Grayling, it was decided to move from preliminary discussion to action, and the slogan "Grayling Thank You Days" was adopted for the merchandising days of June 30 and July 1.

Grayling merchants have decided on a mass promotion through radio and newspaper media to advertise the Grayling Marketing Area. The Houghton Lake Mobile broadcasting unit WHGR will be used in the business district of Grayling to promote the Grayling Thank You Days. Coupons for various specials will be given free to all persons. Special merchandising events will be featured by all retail merchants and special entertainment will be offered downtown.

It is hoped through this promotion that a "Thank You" can be given to residents, tourists, and people of neighboring communities for using the Grayling marketing area, and that we may be able to make it a habit for all these persons to continue buying in Grayling.

TO VOTE FOR COOR BOARD

Monday, June 13, 1966 the electorate of COOR, Intermediate School District will have the opportunity to elect a Board of Education by referendum at the regular annual school board election at Grayling and Frederic High Schools.

This is one of the few areas in the State of Michigan which has this privilege, and is a result of an act of legislation passed in 1964 known as Public Act 290 of the 1964 Legislative Session.

June 14, 1965 voters of the area embraced by Crawford, Ogemaw, Osceola and Roscommon Counties went to the polls and consolidated, and the new Intermediate School District known as "COOR" was formed.

The business of the COOR Intermediate School District for the past year, has been conducted by an interim board, composed of the five members from each of the former separate single county boards.

One provision of Public Act 290 of 1964, stipulates that a biennial election be held to elect a seven member board for the new school district. This will be the first of the biennial elections held to meet the requirements of this act, and will give COOR its first seven member elected board.

Another provision of Public Act 290 is at least one member from each county district must be on the seven member board if there are four or more intermediate districts joined together such as the COOR district.

Letters To The Editor

To the Editor:

Crawford Co. Avalanche:
We have been urged by many friends and acquaintances of Newton Skillman to have published the following for their information.

He has had a summer home on the AuSable for many years and was a member of the Grayling Game Club until giving up his membership around 1962.

The Club publishes a Bulletin for its members and the following poem appeared in it in July 1959:

EYES FOR THE EYE BANK

"These eyes have seen many wondrous sights,
From the Southern Cross to the Northern Lights
Full moon on the ocean casting a sheen;
Bright sunlight on a forest green.
Beautiful women, lovely pictures,
flowers and birds
And so many things you can't put into words;

The gorgeous galaxy of the Stars above
and the soft lovely eyes of A woman in love.
For with all this beauty
so clear in my mind,
Give these eyes to the Eye Bank
And please help the blind."

By Newton Skillman
Newton passed away Feb. 4, 1966 at a hospital in or near Golden Beach, Florida. As the end came near, an ambulance was waiting. His eyes were rushed to the Eye Bank in Miami. Two blind men were waiting, (blind from birth). Instead of two eyes being given to one man, one eye was given to each of two. The transplant was made. Enough time has elapsed that we can safely say the operation was successful and both men can now see the wonders described in the poem above.

Mrs. Minnie Hartley Moving To Rose City

During W. W. II the ladies of the Legion Auxiliary sold home-made fudge to raise money for the purchase of a hospital bed, using Mrs. Minnie Hartley's Cash and Carry Store as a base of operations. After the money was raised and the bed purchased, Mrs. Hartley took care of loan requests for the Auxiliary. Mrs. Hartley has sold her home on Peninsula Avenue to Mrs. Lillian Houghton, and is moving to Rose City to be near her daughter and family, the John Selostys. The bed may be obtained from the American Legion where it will now be stored. Mrs. Hartley was born in Crawford County and graduated from schools here 53 years ago. She ran the Hartley store for twenty years lacking three months, before it became the Black and White Market. After a nine-year stretch away from business, Mrs. Hartley again took a job, working at the Kraus Ben Franklin store for the past five years.

Flying Bug Bites—Whole Stephan Family

Amongst the people in the Grayling area who are very much alive we find Dorothy Stephan, who has taken up with the flying bug it seems.

For the past month she has been attending the Miller Airmotive flight school at Reed City, and last Monday, May 23rd, soloed the family airplane. If you look up you may see a live one flying over and it may be her, as the bug really chewed her up. Needless to say the kids are getting a real bang out of the whole thing.

Speaking of the kids, five in the family now are flying or taking instruction for same. Mike Henschen (Lani), John Howe (Nancy), George Stephan, Bud Stephan, of course, and Dorothy. John Howe has soloed and has in about 18 hours and is working on a private license. George is through the private.

What this family needs is another airplane, or less enthusiasm for flying, or what this area needs is more airplanes and more enthusiasm for flying. Why don't some of you live ones join in the fun? Come on down and we will fly you around for a while, get you interested, and show you how you too can enjoy living a bit more.

The Conservation Department turned four young geese loose at the City Park by the river to see how they would fare. Two didn't. They were much too tame and wandered about, even across the highway. So the two remaining geese were given to Ann Kurzer who took them home to Roscommon in her car. One climbed up on the back ledge of the car for a better view en route. Frank Bennett raised the geese, eight in all. Had the four turned loose by the river done well the other four were to be released there too.

No Substitute For Integrity . . .

Eventually, every housewife, every wage earner, every social security pensioner, will learn that there is a direct relationship between the financial integrity of government and the price of groceries. When you read, as you do almost daily now, of the cost of living hitting new record highs, it seems to be customary to include in the report an "explanation" of the latest price increase. Often it has to do with weather (crop failures), vagaries of supply and demand or some other special situation.

The blunt truth is that this is just so much nonsense. The special situations having to do with the functioning of the free market have not cut the value of the dollar by over half in the space of a generation. The depreciating value of money is directly traceable to government policies. And under present policies, our money is due to depreciate at an accelerating rate.

According to a release issued by the Council of State Chambers of Commerce, the cost of the various social welfare programs will rise sevenfold from \$3.1 billion in 1965 to \$21.5 billion in 1970. By 1970, unless the cost of Congress undergoes a radical change, the large expenditure will be for the poverty program. From an actual figure of \$211 million in 1965, it will increase \$3.4 billion in 1970. The figures for elementary and secondary education also indicate a staggering increase from \$295 million in 1966 to \$3 billion by 1970. Similar increases will take place in a long list of other government programs, including urban renewal and various community health services. This kind of federal government spending, piled on top of rising war costs, will either mean virtually confiscatory taxation or a rapidly rising public debt and inflation.

If you ask what this has to do with the price of groceries and necessities, the answer is obvious. Prices rise as your dollar declines in value. If an atten-

is made to substitute price and wage controls for a free market, the dislocations and hardships will be the greater in the long run. There is no substitute for financial integrity in government any more than there is for individual integrity.

IN MEMORIAM

In loving memory of our beloved mother Mrs. Grace Biskner, who passed away May 28, 1963.

As we walk in our garden of memories,

There midst the blooms of blue,
We find in that beautiful garden
Forget-me-nots blooming for you.
You left a beautiful memory,
And a sorrow too great to be told,
But for us who have loved you and
missed you
That memory will never grow old.
Sadly missed by her family.

Alumni Party Draws Large Group Saturday

The 15th annual Alumni Party was a huge success this year. A good mixed group from 1968 to 1993 were together to enjoy a fine meal served by the St. John Lutheran Church women and their husbands. Many thanks to all of them for a job well done.

President Jim LaGrow presided over the program which followed. A brief welcome by him preceded the presentation of an engraved desk set to Mr. Wesley Kumpula, retiree, and a bouquet of flowers to his beloved wife, Sally. Happy retirement to both of them.

Mrs. Roy Milnes presented mementos to Art and Joe Wakeley, sons of Mr. and Mrs. Arthur Wakeley, as recipients of the Roy Milnes Award for "The Best All Around Good Citizens of the Senior Class." This is the 6th (and 7th) such award given. Their names will be placed on a plaque in the Alumni room. Congratulations to Art and Joe.

Recognition of graduates as follows: Ben Jerome, '03, Kathryn Bates Jerome, '06, Laura Munn Hanson, '10, Bessie Failing Douglas and Lorne Douglas, '11, Minnie Love Hartley, '13. Each was presented with a flower. We really love our older grads.

Our very special group this year was the Class of 1941. We put them right in the middle of all of us with their own group of tables.

Harold Jankowski, Louise King Hagie, Art Feldhauser, Louise Annis Linderman, Ruth Feldhauser Cruz, Francella Malloy Bradley, Kathryn Peterson Lewis, Leon Johnston, Dick Lowe, Thelma Papendick Madsen, Bob Welsh, Kathryn Charron Such, Frank Jensen, Ruth Stevenson Clapp, Leona Deckrow Goward, Betty Failing Millikin, Floyd Millikin, Jack Redhead and their husbands and wives. What a good looking, happy reunion! We are proud they came from G. H. S.

Anne Marie Church, daughter of Mr. and Mrs. Jack Church, accompanied by Linda Christian, daughter of Mr. and Mrs. Leroy Christian, sang four selections for us during the program. Thank you, girls. They are both from the Class of '66.

As we closed the evening at the school, we stood and sang "Gravely Will Shine" and she did. We had a full house at the party in the Legion building where the dancing made us all relax and realize that after all the work and worry — the whole evening was a success.

A special thank you to Mr. Bo-vee for the recorder and "mike". We have so many to thank — the school staff, Mr. Gierke and his typing class, the people who worked on the mailing lists, the officers and directors who put it all together — and most of all, Providence for being together.

Many of our out-of-town guests complimented Mr. Bufo and his Art class for their display in the gym. This is a new and welcome addition to our school.

Feted With Bridal Showers

Miss Marcia Sorenson, daughter of Mr. and Mrs. A. J. Sorenson, was the honored guest at recent bridal showers. On May 18th Mrs. Vernon Blaha and Mrs. John Alef were hostesses at a linen shower for Marcia, with about fifty ladies enjoying tea, cookies and sandwiches from three to five at the Blaha home in North Park subdivision. The tea table was decorated with daisies, a blossom which holds some significance for the bride-elect. Pouring were Mrs. Bill Joseph, Mrs. John Cook, Mrs. Leonard Knibbs and Mrs. Jack Mason. Assisting Marcia in the opening of her gifts were Mrs. Michael Stillwagon, Mrs. Derek McEvers and Mrs. Henry Feldhausen.

On Thursday, May 26, Mrs. Leonard Knibbs, Mrs. Bill Joseph and Mrs. Leonard Allison were hostesses at a miscellaneous shower for Marcia at the Chief Shoppenagons Motor Hotel. This affair took the form of a ten o'clock brunch. The thirty guests attending were served orange juice, scrambled eggs with ham, sweet rolls and coffee at tables decorated with sprays of plum blossoms. On the bridal table tulips formed the centerpiece. Assisting Marcia, who will become the bride of Richard Lawrence Sullivan on June 25th, were Mrs. John Cook and Mrs. Robert Hayes, who brought Marcia her gifts and displayed them to the guests.

Appointed officers: Service Officer, Arthur Stephenson; Leg. Off. Harry Press; Membership Chm., Marlin Weaver. We still need to fill some appointed offices.

We have a very good start and are hoping that as some of the Veterans in this area read this that they will be giving some thought and maybe wanting to sign-in with us and make this a real good thing in our community. The women of the Veterans are trying to get the Auxiliary started also and are doing a great job on that end. They need about five more members on their list to complete their Chapter Application. The way that they have started I believe that they just might have their Charter before we men get ours, so much more power to them if they do, we need them too.

A community program is being talked about, and I'm sure that it will be a success if we can put it over with some cooperation from some of the citizens of this community. It is hoped that all the men of this Post can work together and make the community real proud to boast of the V.F.W. in their area. Meeting will be held on the first and third Sundays of every month at seven P. M. sharp. Would like to see a lot of new faces in the near future to get going and to build a greater prestige in this community.

Flouride Program To Start on August 2nd

Seventy dental and dental hygiene students are expected to treat approximately 50,000 Michigan children this summer in the annual topical fluoride program this summer.

The program, which is sponsored by the state health department and local health departments, and community groups will run through late August. The fluoride solution will be applied to the teeth of three and four year old pre-schoolers, and second, fifth and eighth graders throughout the state.

This procedure reduces new tooth decay among children by 40 percent, and the youngsters also receive education in dental health during the appointments. In most cases this is the pre-schoolers first experience with a dental professional person. Some children are also referred to local dentists for treatment after the fluoride applications.

The state health department recruits, trains, and supervises the students to provide the fluoride application, but the programs are run in separate areas by local people.

Dr. Georgia V. Mills, Director of District Health Department No. 1 announced that the dental students participating in the program this year are George Frans Currie of Cadillac and Pete Hanson of Detroit, both students of the University of Michigan.

Among the starting dates for the fluoride program in District No. 1 are: Grayling — Grayling High School — August 2.
